

STUDENT CONSENT FORM

As a community organization, St. Vincent's Kitchen relies on over 800 volunteers each month to continue to provide meals to the needy in our area. Among these volunteers, we welcome and appreciate students from high school and older to join us at any time of the year.

Here at St. Vincent Pallotti's Kitchen we make every effort to ensure the safety of our young volunteers and make their volunteering experience a positive and fulfilling one. Nevertheless, we ask that parents remind their children to be cautious and not to give out any personal information to anyone. Further to this, appropriate attire is required for all volunteers to abide with the health and safety regulations of Durham Region Health. The kitchen is regulated by the Durham Region Health board and therefore must comply with all regulations. All volunteers are required to wear closed toe shoes, and shirts with no shoulders visible.

In addition, students under 16 must be accompanied by a parent (or designate) during their time of service here and that your child have a means of transportation to and from the Kitchen.

If your child is under 16 years old, we ask you fill out a consent form prior to volunteering. This form will then be attached to the student's volunteer application.

Thank you for your assistance and cooperation in this matter.

I give permission to my child, _____ to volunteer at St. Vincent Pallotti Kitchen.
